Dear Mr. McGowan:

In response to your letter of November 5, 1992 for a Departmental opinion on the classification of soils from the referenced site, please be advised that in order to render a classification the Department requires that you provide Analyses for an additional two (2) samples for TCLP lead from the area represented by sample 73669.

The above information should be sent to the attention of David Schrier, Hazardous Waste Regulation Element, Bureau of Advisement and Manifest, 401 East State Street, CN 028, Trenton, New Jersey 08625. If the Bureau has not received the additional requested information within six (6) months, the case will be considered closed.

Should you have any further questions regarding this matter, please contact me at (609) 292-8341.

Very truly yours,

A handwritten signature in cursive script, appearing to read 'David Schrier'.
